

Big Bore Cote Nord

February 19-24, 2023

The Big Bore is now being offered in a new region for 2023, the north shore of the St Lawrence river, which is typically undiscovered by most but that will keep you coming back. Enjoy the 'new' coastline trails of this trip while keeping the integrity of the original Big Bore.

Participants must be skilled riders with up-to-date sleds and must be prepared to safely operate a snowmobile on groomed trails at speeds ranging from 45 – 70+ mph.

Expect to be outside on the sled for up to nine hours each day. You should be knowledgeable about your machine, proficient at problem solving and flexible.

This trip is a large undertaking, with much of it taking place in some of the most remote regions of Quebec.
